

Appendix 2

Certification Mark

TC000000-XXX (designated code + certification body code)

Note:

1. Color of the certification mark: Black K0, or other colors to meet the practical needs of the manufacturers or importers to print the certification marks by themselves under the condition that approval from the central competent authority is obtained.
2. The certification mark is comprised of a graphic symbol with an identification number. The identification number shall be placed immediately to the right of or below the graphic symbol.
3. The certification mark may be enlarged or reduced proportionally based on the size of the machinery, equipment or tools and other needs.
