

ATTACHMENT 19 Check Airman Qualifications

This attachment was established in accordance with Article 163 and 279 of this AOR proper.

1. Has a flight experience of eight years or above in airplane or helicopter, or has a flight experience of 2 years or above in free balloon, and classified in accordance with aircraft category as follows:
 - 1.1 An airplane pilot shall have 3 years experience in civil aviation, and 2 years of which shall be in the capacity of captain.
 - 1.2 A helicopter pilot shall have 2 years experience as a captain in civil aviation.
 - 1.3 A free balloon pilot shall have 1 year experience as a commercial pilot, or a pilot of foreign nationality hired by the operator, shall have a qualification of an examiner, or have an experience of an examiner in pilot-in-command proficiency check, authorized by the civil aviation authority of the balloon manufacturer.
2. Has an experience of flight instructor or instructor pilot for at least one year.
3. Total Flight Time:
 - 3.1 5,000 hours minimum for an airplane pilot, but for an aircraft of which the gross weight not exceeds 15,000 Kgs, the total flight time requirement may be waived to no less than 3,000 hours.
 - 3.2 2,000 hours minimum for a helicopter pilot, and the flight time of which shall incorporate 1,000 hours helicopter flight time as minimum.
 - 3.3 70 hours of free balloon flight time minimum for a free balloon pilot.
4. Has no record showing any disciplinary action taken for the violation of regulations within the preceding year, and for the violation in civil penalty of the Civil Aviation Act within the preceding 2 years.
5. Holds a valid CAA type certificate appropriate to the aircraft.
