○○County (City) Government Waste Disposal Permit

○○○○○○Tzu No.○○○○

○○○○○○Company hereby

applies for Waste Disposal Permit. Through review, they are consistent with the provisions of the Permit Management Regulations for Public or Private Waste Clearance and Disposal Organizations, this certificate is granted. Licensing items are as follows:

Organization Name :

Facility ID

Organization Address :

Name of Person in Charge : ID No.:

Address of Person in Charge :

Grade of disposal :

Location of Site or Plant :

Permitted Items : ☐General Waste ☐General Industrial Waste  
: ☐Hazardous Industrial Waste

Validity Period: :From to

Grade of Clearance

Technician

Types, quantity, and handling method of the permitted disposal of waste  
(Please refer to Table, a total of pages)

Other Matters :1. Plant Configuration (Please refer to  
Appendix 1, a total of pages)  
2. Process Flow of Treatment  
(Please refer to Appendix 2, a total of pages)  
3. Description of the Flow of Recycled  
Products and the Clearance  
and Disposal Flow of Derivative Wastes  
(Please refer to Appendix 3, a total of pages)  
4. Emergency Response Mode  
(Please refer to Appendix 4, a total of pages)  
5. Other:

County (City) Mayor ○ ○ ○

Date:○○○○○○(YYYY/MM/DD)

Table: Types, quantity, and handling method of the permitted disposal of waste

Item	Type and Code	Approved Maximum Amount (Metric Tons/Month)	Handling Method

Appendix 1: Plant Layout (Including disposal facilities, disposal units, recording system, and scales)

I. Layout of Plant (Including clearance vehicles entering the plant, input of main materials, disposal units, produced derivative wastes/products, and storage area)

Appendix 1: Plant Layout (Including disposal facilities, disposal units, recording system, and scales) (continued)

II. Recording System Configuration Diagram

III. Scale-Weighing Equipment Configuration Diagram

## Appendix 2: Process Flow of Treatment

### I. Approved Disposal Equipment and Handling Capacity for Treatment

Handling Method	Disposal Equipment	Specifications	Description of Handling Capacity

### II. Operating Instructions for Disposal Facilities (Includes hours and days of operation, etc.):

Disposal Equipment	Hours of Operation/Day	Days of Operation/Year	Other Relevant Operating Instructions

## Appendix 2: Process Flow of Treatment (continued)

### III. Description of Process Flow and Mass Balance

### Appendix 3: Description of the Flow of Recycled Products and the Clearance and Disposal Flow of Derivative Wastes

#### I. Flow of Recycled Products: (not required if there are no recycled products)

##### A. Specifications, Standards, or Norms of Recycled Products

Serial No.	Item	Specifications, Standards, or Norms
	<input type="checkbox"/> Not belong to item 1,sub paragraph 3 Article 24,	
	<input type="checkbox"/> Belong to Item 1,sub paragraph 3 Article 24,	

##### B. Description of Usage Range Labeling for Recycled Products

Serial No.	Item	Usage Range	Location of Label
			<input type="checkbox"/> Storage area <input type="checkbox"/> Packaging Materials or Container <input type="checkbox"/> others :

##### C. Sales Flow Direction and Targets of Recycled Products

Serial	Item	Sales Flow Direction and Targets
--------	------	----------------------------------

	No.			

**Appendix 3: Description of the Flow of Recycled Products and  
the Clearance and Disposal Flow of Derivative  
Wastes**

**II. Description of Clearance and Disposal Flow of Derivative Wastes:**

Type of Derivative Waste	Intermediate Processing Method	Final Disposal	Remark

## Appendix 4: Emergency Response Measure (Including closing of plants or the suspension or termination of business)

### I. Contingency Description for the Inability to Dispose Large Amount of Waste or the Inability to Melt Large Amount of Recycled Products: (Not required if there are no recycled products)

Waste	Contingency Measures (Includes the Period for Improvement)	Alternatives (Includes the Period for Improvement)

Products	Item	Sales Channel	Reasons for Maybe not being able to Sell	Contingency Measures (Includes the Period for Improvement)	Alternatives (Includes the Period for Improvement)

Appendix 4: Emergency Response Measure (Including closing  
plants or the suspension or termination of business)  
(continued)

<b>II. Contingency Description when the Disposal Facility is Damaged</b>	
<div style="border: 1px solid black; padding: 5px;"> Contingency Measures (Includes the Period for Improvement) </div>	<div style="border: 1px solid black; padding: 5px;"> Alternatives (Includes the Period for Improvement) </div>
<b>III. Contingency Description when the Cancellation, Revocation, and Extension of Disposal Permit is not Approved:</b>	
<div style="border: 1px solid black; padding: 5px;"> Contingency Measures (Includes the Period for Improvement) </div>	<div style="border: 1px solid black; padding: 5px;"> Alternatives (Includes the Period for Improvement) </div>
<b>IV. Contingency Description when the Plant is Closed or the Business is Suspended or Terminated:</b>
