## 1. INTRODUCTION

1.1 The Financial Services Board of South Africa (FSB) was established under section 2 of the Financial Services Board Act, 1990, to supervise the activities of non-bank financial institutions and other financial services in South Africa and to advise the Minister of Finance on matters concerning financial institutions and financial services. The functions of the FSB include the regulation and supervision of the activities of South African licensed exchanges, clearing houses, intermediaries investing on behalf of clients, central securities depositories, collective investment schemes and provident institutions (which include all types of insurance and retirement fund activities). Securities and Exchange Law, the Futures Trading Law and relevant legislation.
