However, this provision shall not apply to individuals who are residents of the territory referred to in paragraph 3 b) of Article 2, as long as resident individuals are liable to tax only in respect of income from sources in that territory.
3. Where by reason of the provisions of paragraph 1 an individual is a resident of both territories, then his status shall be determined as follows:
 - a) he shall be deemed to be a resident only of the territory in which he has a permanent home available to him; if he has a permanent home available to him in both territories, he shall be deemed to be a resident only of the territory with which his personal and economic relations are closer (centre of vital interests);

 - b) the furnishing of services, including consultancy services, by an enterprise through employees or other personnel engaged by the enterprise for such purpose, but only if activities of that nature continue (for the same or a connected project) within a territory for a period or periods aggregating more than six months within any twelvemonth period.
4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:
- a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

Notwithstanding the provisions of paragraphs 1 and 2, where a person -other than an agent of an independent status to whom paragraph 6 applies -is acting on behalf of an enterprise and has, and habitually exercises, in a territory an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that territory in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent

- establishment under the provisions of that paragraph.
6. An enterprise shall not be deemed to have a permanent establishment in a territory merely because it carries on business in that territory through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.
 7. The fact that a company which is a resident of a territory controls or is controlled by a company which is a resident of the other territory, or which carries on business in that other territory (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

2. Subject to the provisions of paragraph 3, where an enterprise of a territory carries on business in the other territory

through a permanent establishment situated therein, there shall in each territory be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the territory in which the permanent establishment is situated or elsewhere.
4. Insofar as it has been customary in a territory to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that territory from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.
5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

 - b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a territory and an enterprise of the other territory, and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.
2. Where a territory includes in the profits of an enterprise of that territory -and taxes accordingly -profits on which an enterprise of the other territory has been charged to tax in that other territory and the profits so included are profits which would have accrued to the enterprise of the first-mentioned territory if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other territory shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and ' the competent authorities of the territories shall if necessary consult each other.

Article 10

In such case the provisions of Article 7 shall apply.
5. Where a company which is a resident of a territory derives profits or income from the other territory, that other territory may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other territory or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other territory, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other territory.

Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.
3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a territory the obligation:
 - a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other territory;
 - b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other territory;

The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a territory to decline to supply information solely because it has no domestic interest in such information.
5. In no case shall the provisions of paragraph 3 be construed

to permit a territory to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.
