

法規名稱：MEMORANDUM OF UNDERSTANDING BETWEEN THE TAIPEI ECONOMIC AND CULTURAL OFFICE IN CANADA AND THE CANADIAN TRADE OFFICE IN TAIPEI CONCERNING COOPERATION IN THE FIELDS OF SCIENCE AND TECHNOLOGY

簽訂日期：民國 101 年 09 月 06 日

生效日期：民國 101 年 09 月 06 日

THE TAIPEI ECONOMIC AND CULTURAL OFFICE IN CANADA (TECO) AND THE CANADIAN TRADE OFFICE IN TAIPEI (CTOT) (the “ Participants ”),

DESIRING to continue cooperation based on reciprocity and aimed at furthering their respective research and technological objectives,

HAVE COME to the following understanding:

1. COORDINATING AGENCIES

TECO designates the National Science Council (NSC) in Taipei to carry out this MOU on its behalf; CTOT designates the National Research Council of Canada (NRC) to carry out this MOU on its behalf.

2. GENERAL PROVISIONS

- (a) The Participants understand that NSC and NRC will promote research and development cooperation in the fields of science and technology of mutual interest, to further their research and technological development objectives.
- (b) The Participants understand that the cooperative research and development program will be aimed at encouraging the commercialization of research deliverables. The Participants will encourage industry cooperation or commitment.
- (c) The Participants understand that NSC and NRC will frequently consult through a Steering Committee.

3. APPLICATION OF THIS MOU

- (a) The Participants understand that NSC and NRC will each designate a coordinator to carry out the cooperation and

activities under this MOU.

- (b) The Participants understand that NSC and NRC will establish a Steering Committee, composed of representatives of the NSC and NRC and other agencies as appropriate, to develop and oversee the application of this MOU. The Participants understand that the Steering Committee will:

- (i) meet at least once a year;
- (ii) determine the general fields and specific subjects of research in which cooperation will take place;
- (iii) consult in person or in writing whenever necessary to review the activities carried out pursuant to this MOU;
- (iv) identify new activities that may be carried out for the mutual benefit of NSC and NRC.

4. SCOPE

- (a) The Participants understand that the scope of cooperative research and development may include vaccines and biologics with the aim to commercialize research in these two areas.
- (b) The Participants understand that: for NSC, cooperative activities will be carried out by faculty and researchers at universities and academic institutions, and non-profit research institutions; for NRC, cooperative activities will be carried out by researchers from NRC programs.

5. FORMS OF RESEARCH COOPERATION

The Participants understand that NSC and NRC may carry out research cooperation through some or all of the following activities:

- (i) exchanges of scientific and technical information;
- (ii) visits and exchanges of scientific and technical personnel;
- (iii) training of PhD students and Postdoctoral fellows;
- (iv) joint cooperative research projects (CRPs);
- (v) workshops

6. IMPLEMENTATION OF COOPERATIVE RESEARCH PROJECTS (CRPS)

- (a) The Participants understand that universities, academic institutions, and non-profit research institutions funded by NSC may develop CRPs with NRC consistent with the objectives

of this MOU and subject to their operational requirements.

- (b) The Participants understand that a full description of each CRP, including confidentiality, publication and intellectual property provisions, will be drawn up and signed as a legally binding contract between NRC and universities, academic institutions, and non-profit research institutions funded by NSC.

7. FUNDING

The Participants understand that, unless the following otherwise mutually decided in writing, NSC and NRC will bear the costs of participating in cooperative activities.

8. RESEARCH FACILITIES

The Participants understand that NSC and NRC will make every effort to provide each other ' s researchers, visiting under this MOU, with appropriate research facilities.

9. APPLICABLE LAWS AND REGULATIONS

The Participants understand that NSC and NRC will inform their respective visiting researchers of the necessity to abide by the laws and regulations of the host jurisdiction during their stay.

10. FINAL DISPOSITIONS

- (a) This MOU will come into effect on the date of its signature by the Participants and will remain valid for a period of five (5) years.
- (b) A Participant may terminate this MOU by giving a ninety (90) days ' written notice to the other.
- (c) In case of termination, the Participants will ensure that NSC and NRC continue to provide joint funding for those CRPs already in effect and apply all the provisions of this MOU until those CRPs are completed.
- (d) The Participants may extend this MOU for a further five (5) years upon their mutual consent.
- (e) The Participants understand that the coming into effect of this MOU will terminate the Memorandum of Understanding between the Taipei Economic and Cultural Office, Canada and

the Canadian Trade Office in Taipei on Collaboration in the
Fields of Science and Technology, signed in Taipei on 12
November 2007.

SIGNED at Ottawa, this 29th day of August 2012 and this 6th day
of september 2012, in duplicate, in the Chinese, English, and
French languages, each version being equally valid.
