A Letter from Mr. Shuhsi Hsu, Chinese Ambassador to Canada, to
Mr. J.F. Grandy, Canadian Assistant Deputy Minister, Department of Finance,

November 3, 1965

Dear Mr. Grandy:

I have the honor to refer to recent discussions in Taipei between representatives of the Governments of China and Canada concerning exports of certain products from the Republic of China to Canada.

As a result of these discussions, it is the understanding of the Government of the Republic of China that, pursuant to the provisions of the Long-Term Arrangement Regarding International Trade in Cotton Textiles (hereafter referred to as "the Arrangement") the Government of the Republic of China will restrain exports to Canada of the textile products indicated in the attached annex to the levels indicated therein during the year ending June 30, 1966. The levels set out in the annex to this letter will replace the levels set out in the annex to my letter to you of October 5, 1964.

It is also the understanding of the Government of the Republic of China that exports to Canada of rubber-soled footwear will be restrained by the Government of the Republic of China to the level indicated in the attached annex.

It is the understanding of the Government of the Republic of China that the Chinese and Canadian Governments shall consult with each other on any question arising from the implementation of this agreement. It is also understood that the Canadian Government retains the right to request consultations regarding further export restraints under the provisions of the arrangement, should

ld circumstances warrant this, and that the Government of the Republic of China may, according to the provisions of Article 3 of the Arrangement, request consultations concerning the removal or modification of export restraints established in this agreement should conditions in the Canadian market improve substantially.

Yours very truly.
