簽訂日期：民國 101 年 10 月 02 日

生效日期：民國 101 年 10 月 02 日

The Government of the Republic of China (Taiwan) and the Government of Saint Vincent and the Grenadines being desirous of further strengthening friendly bilateral relations and promoting technical cooperation, have agreed through their respective representatives upon the following articles:

ARTICLE 1

Project objectives:

- A. Study, on limited basis, techniques for intensive cultivation on small farms with lower-intermediate capital input to ensure the maximum production of crops and livestock, and other related projects as agreed upon by both Parties, to reduce the need for relevant imports.
- B. Introduce new measures for soil and eater conservation, as well as crop rotation systems, to enhance land fertility and productivity.
- C. Achieve a level of production that ensures adequate nutrition throughout the year and provides a marketable surplus to supplement income.
- D. Demonstrate how objectives A-C can be achieved.
- E. Build a modern agricultural sector through the application of Information and Communication Technology(ICT),and
- F. Introduce measures to address and facilitate the marketing and distribution of agricultural commodities.

ARTICLE 2

The project includes:

A. Research:

- 1. Determine how climate and soil conditions may be used advantageously to provide the best results under a

year-round production system.

2. Adopt selected varieties of crops and continue searching for better strains.
3. Develop a system of record-keeping and farm production analysis for general application on small farms.
4. Test available small-farm implements (both hand-operated and powered) to determine the most suitable for local use.

B. Training:

1. Technicians from the Republic of China (Taiwan) and Saint Vincent and the Grenadines will train farmers, and related associations involved in the project, in new techniques.
2. The two Parties will cooperate on the production of educational materials.

C. Reporting

1. Reports and evaluations will be made seasonally, but no information will be released unless previously cleared by the governments of both Parties.
2. Complete records on inputs and output will be kept to ascertain the economic viability of farm operations.

D. Marketing and Distribution

The Government of the Republic of China (Taiwan) agrees to designate experts and technicians to work with the Ministry of Agriculture, Rural Transformation, Forestry, Fisheries and Industry and the public and private sector marketing and distribution agencies of Saint Vincent and the Grenadines so as to install a coordinated system for the production, collection, grading, packaging marketing and distribution of agricultural commodities.

ARTICLE 3

- A. Both parties agree to the continuity of the Technical Mission, which will be composed of various agricultural experts and technicians according to the project ' s needs.
- B. In the event that the aforementioned technicians cannot continue to perform their duties, the Government of the

- Republic of China (Taiwan) shall replace them with new technicians.
- C. The Government of the Republic of China (Taiwan) shall defray the travel costs of the Technical Mission members to and from Saint Vincent and the Grenadines, and assume responsibility for their salaries during their period of service.
- D. The Government of Saint Vincent and the Grenadines shall exempt the aforementioned salaries from all resident and local taxes. Those personal and household effects of the Technical Mission members imported within one year of their arrival will also be exempt from all customs duties, taxes and other charges. The Government of Saint Vincent and the Grenadines shall also provide convenience to the Technical Mission members and their dependants on their entry and exit during their period of service in Saint Vincent and the Grenadines. The Technical Mission shall be allowed to import and export automobiles, for use by personnel and family, free of all customs duties, taxes and other charges. Should the aforementioned automobiles be disposed of within four years of the granting of this concession, they will be subject to the relevant custom duties, taxes and other charges. The members of the Technical Mission shall be allowed to apply for a CD license plate for their vehicles.

ARTICLE 4

- A. The Government of the Republic of China (Taiwan) shall provide the Technical Mission with the necessary equipment and materials, and ship them to Saint Vincent and the Grenadines.
- B. After the said equipment and materials have arrived at port in Saint Vincent and the Grenadines, the Government of Saint Vincent and the Grenadines shall exempt them from customs duties, taxes and other charges. The Government of Saint Vincent and the Grenadines Shall pay the warehousing, wharfage and other related expenses, as well as assume

responsibility for transporting them locally.

- C. After the project is completed, the abovementioned agricultural items shall be donated to the Government of Saint Vincent and the Grenadines or farming organizations as agreed upon by both Parties.

ARTICLE 5

The Government of Saint Vincent and the Grenadines shall provide the Technical Mission with demonstration sites, assistant experts, office facilities and related services, as well as necessary agricultural equipment/tools and seeds not available in the Republic of China (Taiwan), such as fertilizers and pesticides. The Government of Saint Vincent and the Grenadines shall also supply furnished housing for the members of the Technical Mission and transportation for their official duties.

ARTICLE 6

- A. Revenues from the sale of all produce from the demonstration site shall be deposited into a separate revolving fund established by and in the name of the Ministry of Agriculture, Rural Transformation, Forestry, Fisheries and Industry of Saint Vincent and the Grenadines, yet supervised by both Parties for the duration of the project. The monies in the revolving fund belong to the Government of Saint Vincent and the Grenadines, and shall be used specifically for the further development of the Rabbaca Farms as a modern demonstration/incubation facility for attachment after persons would have received training at Agricultural Training Institute.
- B. An appropriate candidate shall be designated by the Ministry of Agriculture, Rural Transformation, Forestry, Fisheries and Industry to manage the accounting of the revolving fund and to provide quarterly reports itemizing income and expenses, including bank statements and other relevant documents, for confirmation by both Parties.

ARTICLE 7

The Government of Saint Vincent and the Grenadines shall appoint at least one project coordinator or facilitator to render the Technical Mission all necessary assistance.

ARTICLE 8

The period of service of the Technical Mission in Saint Vincent and the Grenadines shall be in accordance with the estimated time needed to complete the projects and calculated. The period may be extended via written agreement between the two parties before the allotted time expires.

ARTICLE 9

This Agreement shall enter into force upon the date of its signature.

This Agreement shall be valid for a period of three years and shall be extended automatically for an equivalent period until either Party expresses in written form its desire to terminate the Agreement six months prior to its expiration.

This Agreement may be amended and supplemented by the mutual consent of the Parties.

IN WITNESS WHEREOF, the undersigned, being duly authorized thereto by their respective governments, have signed this Agreement.
