NOTE NO. 23/2000

The Ministry of Foreign Affairs and International Cooperation of the Republic of Malawi presents its compliments to the Embassy of the Republic of China and has the honour to refer to the Memorandum of Understanding that was signed between the Governments of

the Republic of Malawi and the Republic of China on 11th September, 1999.

Under the provisions of the Memorandum of Understanding, the Republic of China sent experts to install the donated equipment and to train lectures for the Lilongwe Technical College on how to manage as well as carry out minor repairs on the equipment. The Embassy of the Republic of China is aware that these experts were only contracted to stay in Malawi for a period of 6 months which will expire in October, 2000. Since the donated equipment is very new to the lecturers, it is felt that the period stated in the Memorandum of Understanding for the Chinese to train Malawians lecturers is too short. In this connection, the Government of the Republic of Malawi is requesting for an extension of the period to 18 months to October, 2001. This extension will enable the lecturers to familiarize themselves with the technology and sophisticated machines which were donated by the Republic of China.

Since the donated equipment covered only 5 trades, it would be greatly appreciated if the Government of the Republic of China could consider donating additional equipment to cover other sections such as Welding and Fabrication, and Plumbing and Mechanical Engineering.

The Ministry of Foreign Affairs and International Cooperation of the Republic of Malawi avails itself of this opportunity to renew to the Embassy of the Republic of China the assurances of its highest consideration.

The Embassy of the Republic of China may wish to know that the request is for an extension of twelve (12) months to December, 2001 and not eighteen (18) months as indicated in the Ministry's Note of 26th July, 2000. Grateful if this amendment could be made.
