

## Application for Plant Construction License of a Nuclear Reactor

Name of applicant: \_\_\_\_\_ Correspondence address: \_\_\_\_\_ Date of application: \_\_\_\_ DD \_\_\_\_ MM \_\_\_\_ YY

1. Basic information

Individual: Name \_\_\_\_\_ Place of birth: \_\_\_\_\_ ID number \_\_\_\_\_

Household address: \_\_\_\_\_

Collective operation: Name of collective owners: \_\_\_\_\_ Place of birth: \_\_\_\_\_ ID number: \_\_\_\_\_

Household address: \_\_\_\_\_

Company operation: Name of establishment: \_\_\_\_\_ Address: \_\_\_\_\_

Name of person in charge: \_\_\_\_\_ Place of birth: \_\_\_\_\_ Correspondence address: \_\_\_\_\_

2. Nuclear reactor model and manufacturer:

3. Purpose for use of nuclear reactor:

4. Designated site for plant construction:

5. Initial date of plant construction: \_\_\_\_ MM \_\_\_\_ YY

6. Expected date of completion: Earliest: \_\_\_\_ DD \_\_\_\_ MM \_\_\_\_ YY

Latest: \_\_\_\_ DD \_\_\_\_ MM \_\_\_\_ YY

7. Is it placed in cooperation with foreign individuals, or under the control of a foreign government, institute, or individual?

8. Review materials

1. Preliminary Safety Analysis Report
2. Supplementary technical information
3. Information on preventing leakage of radioactive material
4. Financial guarantee information on task of plant construction

(If there is classified confidential information, it should be delivered respectively.)

The applicant guarantees that the content of this application and any attached materials are authentic, and should there be any falsehood found, the applicant is to accept the related punishment of the laws by the Atomic Energy Council.
