

Appendix 5

Radio Frequency Interference Complaint Form

Receiver :

No :

Carbon copy the authority :

Date:dd/mm/yyyy :

A) Characteristics of Interfering Stations or Sources

1. Name or identifier of stations or type of sources _____
2. Geographical locations _____
3. Measured frequency _____
4. Type of emission _____
5. Frequency bandwidth _____
6. Electric field intensity _____
7. Attribute of interference _____

B) Characteristics of the Interfered Transmission Stations

1. Name of identifier and type of station _____
2. Geographical location _____
3. Assigned frequency _____
4. Measured frequency _____
5. Type of emission _____
6. Frequency bandwidth _____
7. Electric field intensity _____

C) Receive Stations or Receivers that Identify Interference

1. Name or title _____
2. Geographical location or address _____
3. Date and time when interference occurs _____
4. Other characteristics _____
5. Requested Action _____
