Notes:

1. An applicant must have taken at least five subjects listed as core courses, and at least five subjects listed as optional courses, and each course must earn at least 2 credits.
2. A course that has a slightly different name but is essentially the same in nature as one of the listed courses will be given full opportunity to be recognized.
3. When submitting an application for recognition of courses completed, two or more subjects may be combined and deemed to constitute one course, but it is not permitted to use a particular course in this way more than once.
